SECTION ONE

About

The About section defines the foundation of Quint Home — its vision, mission, values, and brand voice. It establishes the thinking, purpose, and emotional direction that shape every experience created by the brand.

Welcome

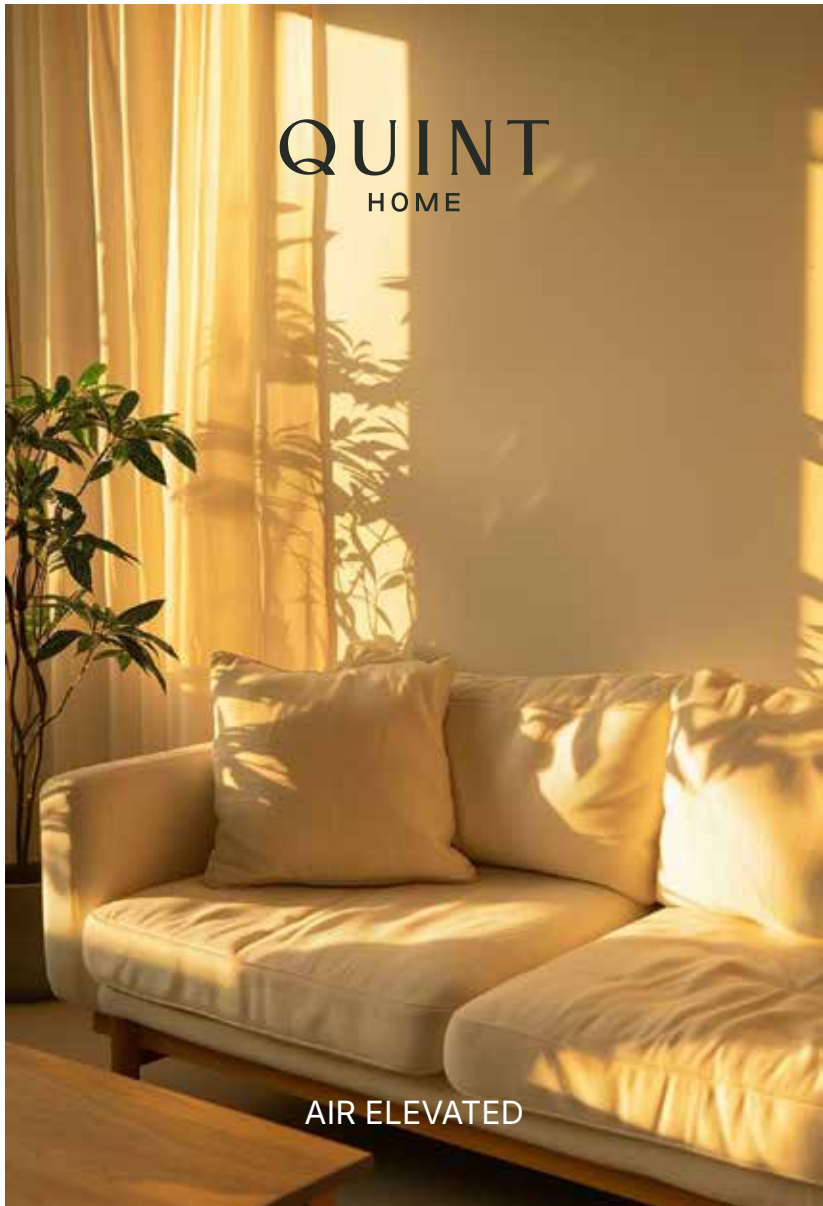

If you’re reading this, you’re helping bring Quint Home to life.

This guide exists to protect the clarity of our brand and ensure everything we create reflects our values: thoughtful design, quiet confidence, and a deep respect for craft.

We’re not interested in jargon or fluff. What matters is how people experience Quint Home visually, verbally, and emotionally. Our identity is built through consistency and care.

Inside, you’ll find practical guidelines to help you work with our brand. These aren’t hard rules for the sake of rules—they’re tools. Use them to stay aligned, make decisions, and create work that feels distinctly Quint Home.

Whether you’re designing a product page, building signage, or introducing Quint Home to someone new. Thank you for being a part of this.

Our Vision

To become India’s defining premium scenting brand — transforming the way homes, restaurants, hotels, malls, and offices experience fragrance.

In the near term, Quint Home aims to become the preferred scenting company for India’s affluent consumers and interior design community, with a strong D2C presence in Mumbai supported by a solid B2B foundation.

Over the next 5 years, the brand envisions becoming a nationally recognised name, offering fragrance oils and smart scenting devices for both residential and commercial spaces — from homes and boutique hotels to luxury retail and high-end restaurants across India.

In the next 10–20 years, Quint Home aspires to take Indian-curated, hotel-grade fragrance culture and smart scenting technology to global markets.

Brand Messaging

A short list of approved mottos and brand messaging: Clear, versatile phrases that capture our voice and point of view.

1. Air, Elevated
1. Air, Elevated
1. Air, Elevated
1. Air, Elevated

Tone of Voice

1. Clear & Grounded

We communicate with clarity and intention, avoiding unnecessary flourish or overly decorative language. Every sentence should feel calm, confident, and easy to understand.

2. Precise & Human

Our language is thoughtful and refined without feeling clinical or overly technical. We aim to sound informed, approachable, and considered at all times.

3. Calm Confidence

We avoid exaggerated expressions, hype, or unnecessary punctuation such as exclamation marks. The brand speaks with quiet confidence rather than loud persuasion.

4. Sensory & Spatial

We speak about environments, presence, and how a room feels to live in. The language should evoke atmosphere and emotional connection through space and scent.

5. Beyond Wellness Language

We avoid generic wellness terms like “freshness” or “relaxation.” Instead, we focus on how scent shapes mood, atmosphere, and the experience of a space.

SECTION TWO

Brand Logo

The Quint Home logo is simple but deliberate, designed to feel precise, timeless, and grounded. This section outlines how to use it correctly and how not to.

Primary Logo

QUINT
HOME

The Quint Home logo represents the brand as a whole. Use it across products, packaging, marketing, and any official communication. It’s a carefully crafted mark and should never be altered or redrawn.

QUINT
HOME

.25" OR 16PX

LOGO MINIMUM SIZING

This version is intended for extremely small sizes. The minimum height is .25" for print applications and 16px for digital applications.

Monogram

The Quint Home monogram is an artistic symbol derived from the initials of the brand name, designed to represent the identity in its most distilled form. Rather than serving as a direct abbreviation of the primary logo, it functions as a standalone mark that captures the elegance and character of the brand through symbolic form.

Use the monogram in compact applications such as favicons, social avatars, packaging details, seals, and brand accents. It should always be used from approved artwork without modification or reconstruction.

.40" OR 30PX

MONOGRAM MINIMUM SIZING

This version is intended for extremely small sizes. The minimum height is .40" for print applications and 30px for digital applications.

Boxed Logo

The boxed logo is a denser version of the Quint Home mark, placed within a solid container. This container can be square, circular, or feature rounded corners set to 5% of its width (e.g. 6px rounded corners at 120px wide).

Use this variation when clear space is limited, contrast is needed, or when a bold, self-contained presence fits the context. It follows the same design principles as the primary logo and should always be used at sizes that preserve legibility and clarity.

.75" OR 96PX

LOGO MINIMUM SIZING

This version is not intended for extremely small sizes. The minimum height is .75" for print applications and 96px for digital applications.

Service Marks

The primary logo and emblem versions of the Quint Home logo have service mark variations, used to indicate trademark status where required.

These include both trademark (™) and registered trademark (®) versions, depending on the level of legal protection and the regions in which they apply.

When in doubt, use the version without a mark. The standard logo is appropriate for most day-to-day use and can serve as a secondary instance if the registered version appears earlier in a document.

The service mark and the logo scale independently, with priority given to keeping the mark legible at any size. Micro-sized logo files with the service marks are available in the logo file library.

QUINT™
HOME

TRADEMARK VERSIONS

For use in markets where the trademark is filed but not yet officially registered. This is the default mark for use where registration is still in process.

Include the ™ only on the first or most prominent use of the logo in any given context. There's no need to repeat the mark throughout a layout or document.

QUINT®
HOME

REGISTERED TRADEMARK VERSIONS

For use only in regions where the Quint Home trademark is fully and officially registered. Do not use this mark in unregistered territories.

Include the ® only on the first or most prominent use of the logo in any given context. There's no need to repeat the mark throughout a layout or document.

Anatomy of the Logo

The Quint Home logo is constructed with carefully balanced proportions, spacing, and geometry to ensure clarity and consistency across every application. Each element of the mark has been intentionally refined to create a timeless and recognizable identity.

The relationship between letterforms, curves, spacing, and alignment should always remain unchanged. Do not stretch, condense, rotate, or redraw any part of the logo. Maintaining the integrity of the logo anatomy preserves brand recognition and visual harmony across all touchpoints.

Usage on the web

The Quint Home logo is adapted for various digital touchpoints, each with its own format and constraints.

QUINT HOME FAVICON

Our favicon, a 32px × 32px icon that is displayed in the browser next to the URL, is the intended use for the Q Emblem.

SOCIAL MEDIA AVATARS

While the layout of these avatars should not be altered in any way, approved secondary brand colors may be used to address special events, holidays, and seasonal changes.

DEVICE ICON

If our website is saved as a bookmark on the home screen of some mobile devices, this graphic will be displayed. Default size is 192px square.

SECTION THREE

Typography

The Quint Home type system is designed to feel refined, balanced, and legible across every touchpoint. This section outlines the primary and secondary typefaces and their intended usage throughout the brand.

Website Typeface

Primary Typeface

The Quint Home type system is built around a carefully selected pair of primary and secondary typefaces, designed to work together across both digital and print applications. The primary typeface establishes the brand's refined and recognizable character, while the secondary typeface supports readability, structure, and functional communication.

Together, these typefaces create a balanced visual rhythm throughout the brand system. Consistent usage helps maintain clarity, hierarchy, and a cohesive identity across every touchpoint.

Font Pairing

Literata - Heading

Thoughtfully designed fragrance experiences for modern spaces.

Inter - Body Copy

Quint Home creates refined scenting solutions that blend seamlessly into contemporary interiors. From private homes to hospitality spaces, every fragrance is designed to shape atmosphere, evoke emotion, and elevate the feeling of a space with quiet sophistication

SECTION FOUR

Brand Colours

The Quint Home color palette is designed to feel grounded, timeless, and refined across every application. Each tone has been carefully selected to create warmth, depth, and consistency throughout the brand system.

Primary Colour

Stardust Veil

Hex	#EEE4D8
RGB	238, 228, 216
CMYK	6, 8, 13, 0

A soft beige inspired by quiet luxury, natural textures, and timeless interiors. Stardust Veil brings warmth, calmness, and understated elegance to the Quint Home palette, creating a refined foundation that feels both modern and enduring.

Secondary Colour

The secondary palette complements Stardust Veil with a curated range of supporting tones that add depth, contrast, and flexibility to the Quint Home identity. These colors are designed to work harmoniously across digital, print, and spatial applications while maintaining a refined and cohesive visual language.

Aerial Mist

Hex	#77918D
RGB	119, 145, 141
CMYK	57, 33, 42, 3

Verdant Void

Hex	#293329
RGB	41, 51, 41
CMYK	72, 56, 72, 63

Solar Clay

Hex	#C15A27
RGB	193, 90, 39
CMYK	18, 76, 100, 6

Rammed Earth

Hex	#6A2E0C
RGB	106, 46, 1
CMYK	35, 80, 100, 47

Color Usage Proportions

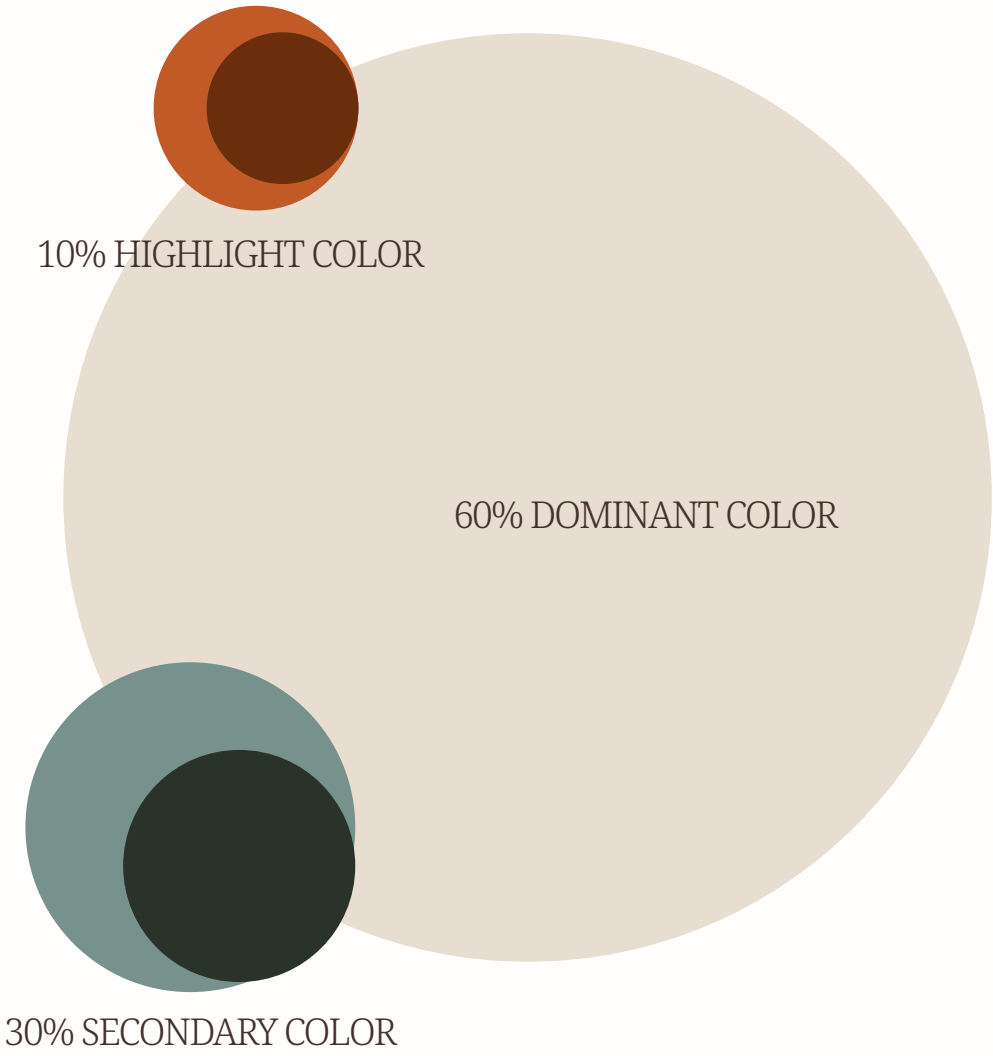

Color helps create structure, guide attention, and set tone. To maintain balance in our compositions, we follow a simple framework: 60 / 30 / 10.

60% Dominant Color: This is your foundation. It holds the layout together and sets the overall mood. Think backgrounds and large containers.

30% Secondary Color: This brings contrast and support. Use it to create visual separation, frame content, or give structure to the dominant color.

10% Highlight Color: This is where the eye goes first. Use it sparingly to highlight actions, emphasize details, or draw attention to key moments.

This ratio isn't a rule, it's a guide. Many of our colors can be beautifully combined by following these proportions. The goal is to use color intentionally, with restraint and clarity.

Primary Logo in Brand Colours

The primary Quint Home logo is designed to work seamlessly across the core brand palette, ensuring clarity, elegance, and strong recognition in every application.

Monogram Logo in Brand Colours

The Quint Home monogram is a compact symbolic mark crafted to adapt effortlessly across the brand colors, offering a refined and distinctive presence in minimal applications.

SECTION FIVE

Graphic Asset

The graphic assets combine lifestyle imagery and product mockups to present the Quint Home identity in a refined, immersive way. Together, they showcase how the brand exists across real spaces, products, and visual communication.

Mockups

These mockups showcase how the Quint Home identity comes to life across products, packaging, and visual touchpoints. They help communicate the brand’s premium aesthetic, refined detailing, and the calm, modern atmosphere Quint Home aims to create through scent and design.

Imagery

The imagery reflects the world of Quint Home — warm, refined interiors where fragrance becomes a natural part of everyday living. By placing the products subtly within thoughtfully designed spaces, the visuals highlight how Quint Home blends seamlessly into modern homes while elevating the atmosphere through presence, design, and scent.
